(Prensa CVG).- Desde el hemicycle of the National Assembly, the Presidenta Encargada of the Republic, Delcy Rodríguez, presented the Annual Message to the Nation of the Constitutional President, Nicolás Maduro Moros, in fulfillment of article 237 of the Bolivarian Constitution. In this act of transparency, the mandatary rendered accounts on the political, economic and administrative management of the year 2025, tracing the path for the productive sovereignty of the country.

The Presidenta Encargada began her address by paying tribute to the martyrs of the past 3 of January, highlighting the resilience of the Venezuelan people. "That pain we have converted into combat and hope to liberate President Nicolás Maduro and the first combatant, Cilia Flores. We will continue fighting so that that pain transforms into tireless work", emphasized Rodríguez.

During her intervention, she announced the launch of the Strategic Plan "Admirable 2026", a roadmap inspired by the liberating gesture of Simón Bolívar that seeks to protect economic stability and strengthen national production in the face of external aggressions.

In this sense, Rodríguez highlighted that Venezuela achieved a growth superior to 10% of the Gross Domestic Product (GDP), with significant milestones in the internal supply and production of key sectors. For the Corporación Venezolana de Guayana (CVG) and its protected companies, this announcement ratifies the commitment of the organized working class to maintain the levels of production in the basic industries, pillars fundamental for the non-petroleum development.

As part of the new financial policies, the Presidenta Encargada instructed the creation of two protection mechanisms that will impact directly on the well-being of workers and regional development: the Sovereign Fund for Social Protection, aimed at improving the incomes of the working class, education, health and housing; and the Fund for Infrastructure and Services, focused on economic and social development.

Similarly, she announced the creation of a technological platform to guarantee transparency in the management of these resources and the partial reform of the Organic Law of Hydrocarbons, integrating the productive model of the Law of Antitrust.

The management of the year 2025 closed with positive figures that reflect the recovery of the country:

- Sistema Eléctrico Nacional: Incorporación de 5 mil nuevos megavatios.
- Recurso Hídrico: Incremento del 110% en el acceso al agua potable.
- Gestión Directa: Más de 7 millones de casos resueltos a través del 1x10 del Buen Gobierno.
- Vialidad: Crecimiento del 70% en el plan de asfaltado nacional.

Finally, the Presidenta Encargada made a call to national unity to defend the territorial integrity. From the CVG, the working class of Guayana ratifies its unrestricted commitment with this message of unity and declares itself in vanguard productive to consolidate the Admirable 2026, guaranteeing that the industries of iron, steel and aluminum continue to be the engine of Venezuela's power.
